

# La Concha Vista

Luxury holidays in Marbella

Giralda 5-4D, Señorío de Aloha, Avda. Manolete S/N, 29660 Neuva Andalucía, Marbella, Spain

## **DIRECTIONS FOR DRIVING FROM MALAGA AIRPORT TO "LA CONCHA VISTA" (Apartment 4D, Portal 5 Giralda, Señorío de Aloha)**

When you leave Malaga airport, you just need to follow the road and stay in the right hand lane. First you will come to an island just before the San Miguel brewery; go straight on at this island and stay in the right hand lane and you will automatically take the right hand turn onto the E15/N340 to Algeciras; again stay in the right hand lane and after about one and a half miles this lane again automatically takes you on to the main E15/A7 to Benalmadena/Algeciras. You will see the big blue sign overhead; you are now on the Benalmadena bypass. When you have reached the top and start to come down you will see the road splits, two lanes to the right take you on a free coast road to Marbella and the two lanes to the left take you on the toll road to Marbella. (The toll road (E15/AP7) is much quicker and much quieter than the N340 and only costs about 4 euros).

Both these roads join at La Cañada, a large commercial park which is on your right. MacDonald's is on your left on the Marbella bypass. Stay on this road and after a few minutes you will go through a tunnel. After another few minutes look out for a large department store called "El Corte Ingles" on your left; there is also a large hotel called Hotel Pyr just after El Corte Ingles. At this point you need to come off the main road; it is signposted "Neuva Andalucía". As soon as you come off the main road, the road immediately forks and you need to take the left fork to Neuva Andalucía (the right fork takes you to Puerto Baños). You will come to a roundabout, go straight across; you will now see the Bullring on your right-hand side. At the next roundabout you need to take the 2<sup>nd</sup> exit which is a very small exit (there are no entry signs on this road, but this only applies on a Saturday—see next paragraph if you are arriving on a Saturday) do not go straight ahead as this will take you to the wrong entrance to Señorío de Aloha (sand coloured). Take first right off this small road, go straight across at a small roundabout and ahead of you, you will now see the Giralda block of Señorío de Aloha (see the photo). Ignore the next paragraph if you are not arriving on a Saturday.

If you are arriving on a Saturday you will need to go a different way to the apartment. From the Bullring go straight across the roundabout past the centro plaza on your right. At the next roundabout (the front entrance to Señorío de Aloha is on your left) you need to take the third exit, between the Pasta Café and Señorío de Aloha. This is a one way street. When you come to the T-junction turn left, turn left at the roundabout and then take the first left. You will pass two white apartment buildings. You will then come to the first block of Señorío de Aloha. The entrance to the garage is after the second block on the left. Point your remote control at the post next to the gate, or put in your garage key. Our apartment is in the next block, Giralda. If you look at the map overleaf you can follow where we have taken you.

You can park outside the block and enter through the brown gate next to the garage on the right, the code for entering is 7191. If you have arranged "meet & greet", somebody will be waiting for you by this entrance gate. Go straight down the steps, follow the path (do not bear left) and on your left is the back of Giralda block. Portal 5 is the first door you come to. You will need to use the community key to open this door. [If there is someone in the apartment, you can press the 4D button to operate the video entry system]. If you want you can walk around to the front of the block (on the downhill side) and enter through the main doors. Again the code for entering this door is 7191. The apartment "La Concha Vista" is on the 4<sup>th</sup> floor on the left - 4D. If you have any problems entering the gates you can call security to help you.

If you have a remote control or plastic garage key you can enter through the garage, which is the first set of large brown gates that you come to, just after Giralda block. You will need to point the remote control at the key post or use your plastic key in the key slot on the left of the gate to open the gates. The parking space is no 53. (Park wherever you want to unload). The entrance to our block is opposite space no 34. This door will bring you into the block. Do not use the lift immediately in front of you, turn left and walk to the other end of the corridor where there is a lift by a fire extinguisher. Take this lift to the 4<sup>th</sup> floor and "La Concha Vista" is on your left. To exit the garage the exit machine is opposite bay 51. Either use your key or point the remote control at this machine.

Handy hint: When you pick up your car at Malaga airport make sure you know where the lights are, you will need them during the day when you go through any tunnels.

*Total distance approx 37 miles (59 km). Total duration approx 40 mins*
